TECHNICAL SKILLS

- Ruby on Rails
- HTML/CSS
- JavaScript (ES6)
- React
- Heroku
- SQL
- Github

PROFILE

I am a full stack web developer specialising in Ruby on Rails and JavaScript, eager to gain more experience in the field. I have always been interested in computers and programming as a medium that allows to create visual and virtual contents out of mere strings of characters. As I further studied programming, it also led me to realise its capability to improve situations that is tightly connected to our everyday lives, whether for fun, productivity or profit. For these reasons, I am looking for a company willing to offer me a placement among their developers so that I can be part of a team keen to further enhance the experience of its users.

PROJECTS

RONPA!   www.ronpa.org

- Created a fully functioning live debate app with Ruby on Rails and JavaScript
- Worked on the UI/UX along with most of the front-end of the app

SWAPSIES   gameswapsies.herokuapp.com

- Game swapping platform app where you can swap used games with people near your location
- In charge of the front-end, UI/UX design

COCKTAIL RECIPES   mr-cocktail-bgdmatei.herokuapp.com/

- Built an app that creates and saves your favourite cocktail recipes
- This was my first ever built project, I worked on both the front-end and the back-end

PROFESSIONAL EXPERIENCE

MACHIYA   *Restaurant Manager*
12.2017 - 10.2018 | London, UK
- Training the restaurant supervisors in order for them to run a branch in the absence of a management member.
- Interviewing potential new staffs and following through the recruitment process.
- Training and organising the front of house to maintain the highest standards of food hygiene, health & safety standards and customer experience.

KANADA-YA   *Assistant Restaurant Manager*
3.2016 - 12.2017 | London, UK
- In charge of all computer systems used in the restaurant (installation, training, troubleshooting).
- Acting as a host for the restaurant, ensuring that the customers are receiving the best of our service.
- Responsible of the complete closing of the restaurant and of securing the earnings of the day.

EDUCATION

- Bachelor of Sports Science

LANGUAGES

ROMANIAN	*Native*
ENGLISH	*Highly proficient*
SPANISH	*Basic*
JAPANESE	*Beginner*

INTERESTS

FOOTBALL
- played in teams for 12 years, of which 7 years as a semi-professional
- it trained my perseverance, patience and fast-paced strategical thinking in pursuing a goal
- strong passion for everything related to football

VIDEO GAMES
- the main reason for my initial interest in computer programming
- I have played many types of games but enjoy RPG's and Action/Adventure games the most
